---

All previous cars and tracks purchased will be as you left them as well. Whenever you are ready to return, simply log into <http://members.iracing.com> (or [www.iracing.com](http://www.iracing.com) and click the Sign In button at the top right) with the same email address and password as you did before and it should prompt you to renew your existing iRacing account.

Any progress on your racing licenses will also be on you reactivated account.
